

## **Career Counselling and Industrial Training**

Faculty of Engineering & Technology organized a seminar on Career Counselling and Industrial Training, which had been given by Er. Amit Goyal, Director, Technospace Education and Solutions Pvt Ltd. In Bathinda on 3<sup>rd</sup> November 2023 from 10-11 AM.

Technospace Education and Solution Pvt Ltd is an ISO 9001-2015 certified IT company that provides innovative, cost effective Web solutions to clients. To fulfill the requirements of clients to complete their work in a particular deadline, it can be done by teamwork which completes the client's work in a particular time with effective manner. Collaboration of Expertise grows up business at peak point. The company don't pitch to customer for unnecessary features which raise their costs and refuse to that work which they can't do it. Team has main focus on the precious client to provide them good services. Technospace makes long relationship with their customers. There is a transparency of dealing in business between client and us. Students of Faculty of Engineering & Technology had joined the session, which enabled them to set their goals and the ways to achieve them through career counselling. In addition, live industrial training and projects based training was emphasized to enhance skill, including interview tips for placement. Seminar was very informative for engineering students.
